Goal setting for FY20 (Geneva)
        LAI-wide goal 1: Promote computational and digital fluency for all
        LAI-wide goal 2 discussion: Something around culture/values: a SMART goal built around how an employee will implement (a) particular value(s) in their work?
    i.   JJ: For folks on initiatives like the Diversity & Inclusion Committee, this is somewhat easier. What about others?
    ii.   GL: 'Collaboration' is likely a good option for a number of people. Drexel has a good guide
    iii. GH: Goal must be measurable
    iv.   NP: Employees need to have a specific idea - agreed with manager - of what success in this goal looks like
    v.   BG: Could we craft a SMART goal that gets cascaded, primarily to serve at the center of the manager-employee conversation?
        1.   JJ: Some staff might benefit from receiving a goal template instead of having a broad goal cascaded; might also streamline managers' work within the tool
        LAI-wide goal 2: Consistently apply the GW values in your work and interactions with others
        Other goals (no more than 2 additional) agreed with manager
        BG: Some goal-related data and tracking could be handled separately from the Talent@GW system
    vi.   Project management tool could be used to look at team efforts, percentage of effort and load leveling, other elements related to performance
Culture Initiative and training (Geneva)
        Geneva to focus on OUR GW culture initiative at November town hall
    vii. LAI conversation will revolve around how we live the GW values
New provost (Geneva)
Instructional Core (Guy)
        Director, SDLI (Update)
    viii. Possible that this will be a continued search
        Instructional Continuity Plan (Update)
    ix.   Jared and Yordanos to present plan and materials on 11/12 at the senior associate deans meeting
    x.   Terry has requested that training around instructional continuity be advertised; we think a PSA should be embedded in the infomail
        Teaching Day and ICare Campaign

xi. Teaching Day 2019 went well overall; open classrooms did not see very high engagement

Instructional Core Website (Yearly Plan)

xii. Quinn will be the project manager on redesign - to include 'Faculty Commons'

xiii. Goal is to have the minimum viable product ready for rollout by next Teaching Day
