GW Libraries and Academic Innovation

FY 17 GOALS

Grow together into one unified organization
- Building trust
- Reimagine & combine web presence
- Change management
- Develop management skills
- Services that add value to the community

Prepare for the future of education & research
- Digital and next generation transitions
  - Data gathering
  - Collection stewardship
  - Space planning
  - Innovation incubation spaces

Pursue excellence in teaching, learning & research
- Building partnerships and strengthening relationships
- Workshops
- Learning environments
- Faculty development
- Course design and support
- Developing or instituting new instructional technologies
- Support the research lifecycle

In all that we do, inclusion, innovation, continuous learning, and creativity are core values we reflect in our work.
